19	base	d on th	e combined three-dimensional digital model.	
20	_		the state of the second of all the A	
21	5.	A novelty article made using the method of claim 1.		
22	0	T l		
23	6.	The method of claim 1, wherein the step of obtaining a three-dimensional		
24	digital model of a face comprises scanning the face of a famous person to create a scanned image.			
25 26	scan	nea im	age.	
26 27	7	Thou	mothod of claim 1, whorein the stap of marging comprises positioning the	
28	7.	The method of claim 1, wherein the step of merging comprises positioning the		
20 29	face relative to the article of fame such that the article of fame forms the remainder of the famous person's head.			
30	OI tile	5 Iaiiio	us persons nead.	
31	8.	The	method of claim 7, wherein the relative size of the article of fame and the	
32	face is such that the article of fame is generally the size of the famous person's			
33	head.			
)	. Iouu	•		

- 1 9. A sports novelty article, comprising the combination of:
- a) a three-dimensional representation of the face of a famous athlete; and
- b) a three-dimensional representation of an object related to the sport from which the famous athlete is associated:

wherein the representation of the face of the famous athlete is positioned on the representation of the related object.

7

8 10. The article of claim 9, wherein the combined three-dimensional representation 9 of the face and three-dimensional representation of the related object is the head of 10 a figurine.

11

12 11. The article of claim 10, wherein the figurine comprises the uniform of the 13 famous athlete.

14

15 12. The article of claim 10, wherein the head of the figurine is hollow and the figurine can be positioned in the head.

17

18 13. The article of claim 9, wherein the face is a caricature of the famous athlete.

19

20 14. The article of claim 13, wherein the face of the famous athlete is textured 21 similar to the texture of the related object.

22

23 15. The article of claim 9, further comprising the famous player's name, team 24 logo, or jersey number.

25

26 16. The article of claim 9, further comprising voice signal technology.

27

28 17. The article of claim 9, further comprising an openable cavity.

29

30 18. The article of claim 17, further comprising a removable item positioned in the 31 cavity.

32

- 33 19. The article of claim 17, wherein the article is reversible to display a second
- 34 face.

ı	

2 20. The article of claim 9 combined with a pillow or backpack.

3

21. The article of claim 9, wherein the relative size of the representations of the related object and face are such that the related object is generally the size of the athlete's head.

6 7

9

10

11

12

13 14

15

16

17

5

- 8 22. A sports novelty article relating to a famous athlete, the article comprising:
 - a) a three-dimensional representation of a ball associated with the sport from which the famous athlete is associated;
 - b) a three-dimensional representation of the face of the famous athlete, the representation of the face being positioned on the representation of the ball such that the ball continues from the face to form the remainder of the athlete's head;

wherein the relative size of the representation of the ball and the representation of the face is such that the ball is generally the size of the representation of the head.
